CONCRETE MATERIALS  
Supplies for the Concrete Contractor

## Hill Brothers Chemicals

### HYDROCHLORIC (MURIATIC) ACID

Muriatic acid is used for cleaning and acid etching concrete and masonry. It also dissolves rust or scale on metal surfaces, and will remove rust stains from porcelain bowls and sinks.

Full commercial strength, Important: when using acid, always flush surface with plenty of water after treatment. Dilute one part of acid with 15 parts of water. Coverage varies on usage.

**Muriatic Acid Size- 1 Gallon**

## TRM Polyethylene Sheeting

### High Density Plastic

Weather-All multi-purpose polyethylene film is folded, wound on laminated cores, and packaged neatly in labeled cartons that are convenient for storage or handling.
