

Hand Tools

Adapter

Used on all standard walking tools, edgers, groovers, fresnos, and bull floats.

Size
6"

Adapter

Used with Goldblatt and Marshalltown bullfloats for snap button type handles.

Size
6"

Adapter

Replacement swivel for walking step tools.

Step Tools

Adapter

Replacement swivel for fresno.

Adapter

Used with a regular snap handle and adapter. Converts any trowel into a small fresno. Used in a sideways motion like a darbie float.

Interchangeable Head

Used to attach walking edgers, groovers, fresnos, etc., using a right angle bracket. (Fits Marshalltown, Glodblatt, Harrington, etc.).

TOOLS & EQUIPMENT

Interchangeable Head

Used to attach bull floats with (4) 3/8" bolts on 25/8"x31/8" centers. (Fits Goldblatt and MBF series.)

Interchangeable Head

Used to attach bull floats, fresnos, brooms and other tools using (2) 3/8" screws on 33/4" centers. (Fits Goldblatt).

Uni-Dapt Handle Adapter

Uses lightweight Push Button handles which lock together instantly and do not twist apart.

Each **Uni-Dapt** consists of a handle adapter Model PB or Model S and one of the following interchangeable heads: 1, 2, 4, 4G and R.

Must Order Separately.
